

## **ACELL HCP OPEN PAYMENTS**

### **OPEN PAYMENTS REPORTING**

Open Payments or the “Sunshine Act” is a disclosure program created by the Affordable Care Act, under which ACell and all other manufacturers of drugs, biologics, and medical devices are required to report payments or transfers of value made to physicians or teaching hospitals. The Centers for Medicare & Medicaid Services (CMS) collects this data annually and makes it publicly available and searchable online.

Visit <https://openpaymentsdata.cms.gov> to use the CMS Open Payments Data search tool to search for information regarding payments made by ACell to physicians or teaching hospitals. You can download all [Open Payments data](#) in detail, or search based on the [Physician or Teaching Hospital](#) receiving the payment, or the [Company](#) making the payment. Additional information on Open Payments is available on the CMS website at <https://www.cms.gov/OpenPayments>.

Please direct any questions or inquiries regarding ACell’s Open Payments report to: [compliance@acell.com](mailto:compliance@acell.com).

### **REPORTABLE PAYMENTS AND TRANSFERS OF VALUE**

ACell interacts with health care providers in order to advance new, safe and effective medical technologies that lead to improvements in patient care. ACell may compensate health care providers for these interactions by various means. ACell values its relationships with health care providers, and as is required, reports the following types of transfers of value that it makes to physicians and teaching hospitals:

- Charitable contributions
- Consulting fees
- Compensation for services other than consulting, such as speaker/faculty fees for non-continuing medical education programs
- Educational items, such as medical textbooks, journal articles/reprints
- Education on the use of ACell products
- Food and beverage
- Grants to support independent medical education
- Research funding
- Royalties or license payments
- Space rental or facility fees associated with product training, clinical studies, or booth/exhibit space
- Travel and lodging
